

Manual – 1

Particulars of Organisation, Functions and Duties

- 2.1 The Punjab Police Housing Corporation Limited was incorporated on 30th March, 1989 under the Companies Act, 1956, as a government company of Punjab Government with a view to having a construction agency primarily for the construction of police buildings but it could also undertake construction of buildings of other departments entrusted to it by the Punjab Government from time to time.
- 2.2 The historical background for setting up the Punjab Police Housing Corporation is that the Police Housing scheme was introduced in the year 1956 but no funds were provided till 1976, when this scheme was included under the Plan head and the work of construction was entrusted to the Public Works Department(B&R) branch. The PWD could not give priority for Police Housing on account of other development works with them. During the year 1979 onwards the Punjab Government entrusted the work of construction of Police Housing to the Punjab Housing Development Board and seed money was also released to the Board for raising institutional finance. The Housing Board could not devote the desired attention to the Police Housing and could construct only 1016 houses against 2104 which were planned during the year 1981-84.
- 2.3 The duty of the Corporation is to build buildings including police houses for the police department of the Punjab Govt.
- 2.4 The main function of the Corporation is to build police houses, Police stations, police lines, hostels, barracks and messes etc., for police officers and men of the police department of the Punjab Govt.
- 2.5 The Corporation is a service organization working on 'No Profit no Loss' basis for the construction of buildings for police department.
